ENERGY CLUB SESSION: 2025-26

About the Energy Club

The **Energy Club** at Awasthi College of Education was established on **15th May 2023** with the objective of creating awareness among students about the importance of **energy conservation**, efficient use of appliances, and sustainable energy practices. The club encourages students to be responsible citizens by promoting conscious energy usage and supporting solutions to tackle the ongoing energy crisis.

It serves as a **platform for capacity building**, equipping future teachers with knowledge and leadership in addressing energy-related issues through active engagement in educational and community-oriented activities.

OUR VISION

To be a leading institution in promoting awareness and education on **energy conservation** among youth by offering meaningful programs, campaigns, and hands-on experiences that empower students to become ambassadors of sustainable energy practices.

OBJECTIVES

- To familiarize students with the concepts of **energy conservation** and the use of **energy-efficient devices**.
- To encourage students to act as **youth ambassadors**, spreading awareness within their communities and influencing responsible behavior.
- To sensitize students about the growing **energy crisis** and the need to reduce dependency on non-renewable sources.
- To develop students' **analytical and practical skills** regarding efficient use of appliances and electricity.
- To build capacity among students through **interactive awareness programs**, exhibitions, and projects.

- The energy club is of capacity building of students, which will be achieved through awareness programme that aimed at sensitizing on the relevance an importance of conservation and efficiency
